Do you worry about how to protect yourself and your family from fraud? People aged 65 and over make up 12 percent of the U.S. population yet they represent 30 percent of the scam victims (according to the U.S. Subcommittee on Health and Long Term Care).

You are invited to this **free** forum to learn about common scams and how to prevent getting caught up in them.

Attorney General Swanson will present a consumer's guide to fighting health care fraud, investment crimes, internet scams, and much more. Representatives from the Minnesota Department of Public Safety, the Better Business Bureau, and the Senior Linkage Line will provide additional tips for protecting yourself.

This forum is free and open to the public. To register, go to www.vital-aging-network.org; look under What's New.
